Sterile Dry Wipers

SterileWipe™ HS II
Absorbent, hydroentangled cellulose/polyester wiper. ISO Class 6-7.

TX3210	12" x 12" wiper	100/bag
		20/pack
		5 packs/bag

SterileWipe™ LP
Knitted polyester wiper for use in critical sterile environments. ISO Class 3-5.

TX3211	9" x 9" wiper	100/bag
		10/pack
		10 packs/bag
TX3212	12" x 12" wiper	100/bag
		20/pack
		5 packs/bag

Dry Wipers

TechniCloth®
Hydroentangled cellulose/polyester wiper, good strength and durability. ISO Class 6-7.

| TX609 | 9" x 9" wiper | 300/bag |
| TX612 | 12" x 12" wiper | 150/bag |

VersaWipe®
Hydroentangled cellulose/polyester wiper, high absorbency, best value. ISO Class 6-7.

TX622	12" x 12" wiper	150/bag
TX624	4" x 4" wiper	1,200/bag
TX629	9" x 9" wiper	300/bag

AlphaWipe®
Absorbent polyester wiper, low particles and fibers. ISO Class 5-6.

TX1004	4" x 4" wiper	300/bag
TX1009	9" x 9" wiper	150/bag
TX1013	12" x 12" wiper	75/bag

Vectra® QuanTex™ Wipers
State of the art wiper provides maximum performance in critical environments. ISO Class 3-6.

| TX1080 | 9" x 9" wiper | 150/bag |
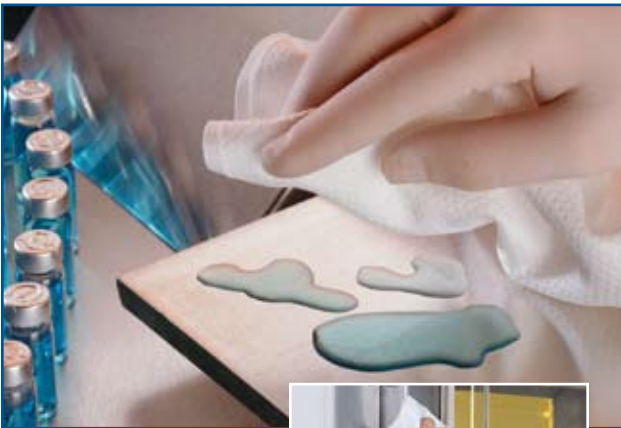

Additional wiper products are available. Visit www.williamsmedical.com for more information.

Sterile Alcohol

Sterile 70% Isopropanol
Filtered to 0.2 microns and gamma irradiated.

TX3270	16 oz trigger-spray bottle	12/case
TX8270	8 oz. trigger-spray bottle	12/case
TX3290	1 gallon polybottle	4/case

Cleanroom Notebooks

TexWrite® 30 Spiral Notebooks
Economical choice for note taking and data recording. College-ruled pages.

TX5840	100 pages, 8.5" x 11"	10/box
TX5841	100 pages, 5.5" x 8.5"	10/box

TexWrite® 30 Bound Notebooks
Sewn binding prevents removal of pages without damage. Provides security of permanent, legally binding data records. College-ruled pages.

TX5807	Blue, 100 pages, 5.5" x 8.5"	10/box
TX5808	Blue, 100 pages, 8.5" x 11"	10/box

Contamination Control Mats

FirstStep® Mat
Removes foot-borne particulates prior to entering the clean work area. An antimicrobial additive protects against microorganism growth. Adheres directly to floor.

AMA183613BB01	Blue	18" x 36" mat 60-layer	4 mats/box
AMA254513BB01	Blue	25" x 45" mat 60-layer	4 mats/box
AMA254513WW01	White	25" x 45" mat 60-layer	4 mats/box

CleanStep™ Mat
Provides the same protection properties as FirstStep against particulates and microorganisms with the ability and convenience to relocate the mat when necessary. Non-skid reusable frame.

AMQ263215WW31	White	25.5" x 31.5" frame 24" x 30" white refill mat 30-layer	One frame and mat/box

CleanStep™ Mat Refills
Convenient replacement mats for use with the CleanStep frame.

AMS243017WW31	White	24" x 30" 30-layer	4 refills/box
AMT243013WW31	White	24" x 30" 60-layer	4 refills/box

Additional swabs are available. Visit www.williamsmedical.com for more information.

Cleanroom Mops

AlphaMop™
Large polyester flat mop for wiping ceilings, walls and floors. ISO Class 4-8.

TX7108	Cleanroom mop with fiberglass handle and 15" x 7" single head assembly	1 mop/case
TX7118	Polyester replacement covers and foam pads for TX7108	150 covers/case 6 foam pads/case
TX718H	Honeycomb® 10 textured polyester covers for scrubbing	150/case

Mini AlphaMop™ Isolator Cleaning Tool
Cleaning system for isolators, laminar flow hoods and biological safety cabinets.

TX7101	Isolator cleaning mop with two handles (18" and 24") (ISO Class 4-8)	1 mop/case
TX7111	TechniCloth® replacement covers (ISO Class 6-8)	150 covers/case 6 foam pads/case
TX7114	Polyester replacement covers (ISO Class 4-8)	150 covers/case 6 foam pads/case

Alpha® Belt Mopping System
Save time and money while eliminating buckets and carts in the controlled environment. ISO Class 4-8.

| TX7211 | Cleanroom belt, 16-oz. empty squirt bottle, two plastic rings, 20 disposable cleanroom bags | 10/case |
| TX7250 | Alpha® Belt Mopping System Refill Bags | 100/case |

CleanTips® Swabs

Large Alpha® Swab
Knitted polyester head with polypropylene handle. Recommended for environmental surface monitoring and cleaning validation. Autoclavable. ISO Class 4-8.

| TX714A | 100/bag 10 bags/case |

Total Swab Length: 5.01"

Small Alpha® Swab
Knitted polyester head with polypropylene handle. Wet with IPA for disinfecting stoppers on bags and vials before piercing with sterile needles and for necks of ampoules before they are broken. Autoclavable. ISO Class 4-8.

| TX743B | 500/bag 5 bags/case |

Total Swab Length: 2.77"

Absorbond® Swab with Long Handle
Nonwoven polyester head with polypropylene handle. Recommended for surface sampling and cleaning hard-to-reach areas. May be wetted with IPA. Autoclavable. ISO Class 4-8.

| TX762 | 100/bag 10 bags/case |

Total Swab Length: 6.39"

Wrapped Cotton Swab
High sorption, 100% cotton fiber swab for routine cleaning and for spill clean-up. Autoclavable. ISO Class 6-8.

| TX705 | 1,000/bag 5 bags/case |

Total Swab Length: 5.98"

Additional swabs are available. Visit www.williamsmedical.com for more information.

Sterile Pre-Wetted Wipers with 70% IPA

Sterile TechniSat®
Hydroentangled cellulose/polyester wiper, pre-wetted with 70% IPA. ISO Class 6-7.

TX3214	9" x 11" wiper	50/flexpack
TX3217	9" x 11" wiper	20/flexpack

Sterile PolySat®
Polypropylene wipers pre-wetted with 70% IPA. ISO Class 6-7.

TX3213	9" x 11" wiper	50/flexpack
TX3216	9" x 11" wiper	20/flexpack

Sterile AlphaSat® 10
Polyester wiper with thermally sealed-borders, folded for small footprint, pre-wetted with 70% IPA. ISO Class 4-5.

TX3285	9" x 9" wiper	20/flexpack

Sterile AlphaSat® 10 with WFI
Polyester wiper with thermally sealed-borders pre-wetted with 70% IPA/30% WFI. ISO Class 4-5.

TX3280	12" x 12" wiper	50/flatpack

Pre-Wetted Wipers with 70% IPA

PolySat®
Polypropylene wiper pre-wetted with 70% IPA, economical. ISO Class 6-7.

TX1051	9" x 11" wiper	50/flexpack

TechniSat®
Hydroentangled cellulose/polyester wiper, pre-wetted with 70% IPA. ISO Class 6-7.

TX1041	9" x 11" wiper	70/flip-top tub
TX1045	6" x 8" wiper on roll	100/canister
TX1065	9" x 11" wiper	50/flexpack

Aseptic and sterile environments isolate the work area from the background environment.

ITW Texwipe has the tools, products and services to maintain the cleanliness of the work area.

TX7401 Mini Environment Cleaning and Maintenance Starter Kit

TX7101 —
Mini AlphaMop™ Isolator Cleaning Tool (ICT)

- Economical
- Easier to use and more ergonomic than wipers
  - Cleans hard-to-reach areas quickly and easily
  - Low, flat profile
  - Light weight – can be used with one hand
  - Swivel joint – flexible use
- Excellent for isolators, biosafety cabinets, glove boxes and laminar flow hoods
- Fits into most pass-throughs and ante-chambers
  - Easy to disassemble and reassemble
  - Two handles (18" and 24")
- Tolerates sterilization by autoclave, chemicals or gamma irradiation

TX3285 —
Sterile AlphaSat® 10 with 70% IPA

- Sterile, individually folded, 9" x 9" wipers with a small package footprint (13" x 7"), saving valuable space
- Sealed-border wipers prevent fiber release
- Use to wipe down all surfaces, equipment and gloves
- Excellent for spill control in isolators, biosafety cabinets, glove boxes and laminar flow hoods
- Bag-within-a-Bag® cleanroom packaging
- Polyester wipers pre-wetted with 70% IPA
  - Safer and easier to use than a dry wiper and a bottle of IPA
  - Eliminates handling of bottles of flammable liquids
  - Optimal concentration of IPA for killing microbes
- Resealable flexpack
- Use to remove cleaning and disinfectant residues

TX3211 —
SterileWipe™ LP Dry Wiper

- Sterilized for sterile and aseptic processes
- Ideal for cleaning, spill control and wiping gloves
- Bag-within-a-Bag® cleanroom packaging
- Good abrasion resistance
- Tolerates most solvents

This kit also includes the following literature:

- *TechNote ICT-1: Cleaning of Compounding Aseptic Isolators (CAIs) and Class II Biological Safety Cabinets (BSCs)*
- Brochures:
  - *Products for USP <797> Compliance • CleanTips® Swabs*
- MSDS: TX3285

For additional technical information go to www.texwipe.com

TX7402 Mini Environment Cleaning and Maintenance Starter Kit

TX7101 —
Mini AlphaMop™ Isolator Cleaning Tool (ICT)

- Economical
- Easier to use and more ergonomic than wipers
  - Cleans hard-to-reach areas quickly and easily
  - Low, flat profile
  - Light weight – can be used with one hand
  - Swivel joint – flexible use
- Excellent for isolators, biosafety cabinets, glove boxes and laminar flow hoods
- Fits into most pass-throughs and ante-chambers
  - Easy to disassemble and reassemble
  - Two handles (18" and 24")
- Tolerates sterilization by autoclave, chemicals or gamma irradiation

TX1084 —
QuanSat™ QuanTex™ Wipers with 70% IPA

- Designed for ISO Class 3-7 critical environments
  - Wipe down all surfaces, equipment and gloves
  - Remove cleaning and disinfecting residues
  - Excellent for spill control
- Resealable flatpack
- Bag-within-a-Bag® cleanroom packaging
- Sealed-border wipers prevent fiber release
- Polyester wipers pre-wetted with 70% IPA
  - Safer and easier to use than a dry wiper and a bottle of IPA
  - Eliminates handling of bottles of flammable liquids
  - Optimal concentration of IPA for killing microbes

TX1009 —
AlphaWipe® Dry Wiper

- Premium knit all-purpose heavy-weight polyester wiper
  - Designed for ISO Class 5 critical environments
  - Cleanroom laundered and packaged
- Superior for spill control and general wiping
- Bag-within-a-Bag® cleanroom packaging
- Resists abrasion under rigorous use

This kit also includes the following literature:

- *TechNote ICT-1: Cleaning of Compounding Aseptic Isolators (CAIs) and Class II Biological Safety Cabinets (BSCs)*
- Product Brochures:
  - *Products for USP <797> Compliance • CleanTips® Swabs*
- MSDS: TX1084

TX7403 Mini Environment Cleaning and Maintenance Starter Kit

TX7101 —
Mini AlphaMop™ Isolator Cleaning Tool (ICT)

■ Economical
■ Easier to use and more ergonomic than wipers
  • Cleans hard-to-reach areas quickly and easily
  • Low, flat profile
  • Light weight – can be used with one hand
  • Swivel joint – flexible use
■ Excellent for isolators, biosafety cabinets, glove boxes and laminar flow hoods
■ Fits into most pass-throughs and ante-chambers
  • Easy to disassemble and reassemble
  • Two handles (18" and 24")
■ Tolerates sterilization by autoclave, chemicals or gamma irradiation

TX1065 —
TechniSat® with 70% IPA

■ Low-linting wipers designed for cleanrooms
■ Excellent for spill control and general wiping
■ Cleaning the exterior of production and laboratory equipment
■ Packaged in resealable flexpacks with small footprints (13" x 7")
■ Polyester/cellulose wipers pre-wetted with 70% isopropyl alcohol (IPA)
  • Safer and easier to use than a dry wiper and a bottle of IPA
  • Eliminates handling of bottles of flammable liquids
  • Optimal concentration of IPA for killing microbes

TX609 —
TechniCloth® 9" x 9" Dry Wiper

■ Cleanroom wiper
  • Better than cellulose wiper
  • Low-linting
  • Highly absorbent
■ Excellent wet and dry strength
■ Excellent for spill control
■ Fabricated from a blend of cellulose and polyester
  • Highly absorbent properties of a natural fiber
  • Cleanliness and strength of a synthetic fiber
■ Suitable for cleaning precision components and isolator apparatus

This kit also includes the following literature:

■ *TechNote ICT-1: Cleaning of Compounding Aseptic Isolators (CAIs) and Class II Biological Safety Cabinets (BSCs)*
■ Product Brochures:
  • *Products for USP <797> Compliance* • *CleanTips® Swabs*
■ MSDS: TX1065

USP <797> Compliance Cleaning Kit

Kit contains 1 bag each of dry and pre-wetted wipers, a 16 ounce bottle of 70% isopropanol, 1 package of point-of-use pre-wetted wipers, 1 bag of mop covers and an adhesive floor mat with frame. The mop and training posters are included **FREE!**

TXKIT   Complete kit

Or purchase items individually:

VersaWipe®
Hydroentangled cellulose/polyester wiper, high absorbency, best value.

TX629   9" x 9"   300 wipers/bag

TechniSat®
Hydroentangled cellulose/polyester wiper, pre-wetted with 70% IPA.

TX1065   9" x 11"   50 wipers/flexpack

Sterile 70% Isopropanol
Filtered to 0.2 microns and gamma irradiated.

TX3270   16 oz trigger-spray bottle

Sterile TexChlor™ AL
Point-of-use pre-wetted wiper utilizes a three chamber patent pending delivery system to create a wiper with "bleach" solution.

TX3269   9" x 9"   10 wipers/bag

AlphaMop™
Large polyester flat mop for wiping ceilings, walls and floors.

TX7108   Fiberglass handle and 15" x 7" head assembly

TX7118   Replacement covers   25 covers/bag

CleanStep™ Adhesive Floor Mat with Reusable Frame
Removes foot-borne particulates prior to entering the clean work area. An antimicrobial additive protects against microorganism growth.

AMQ263215WW31   25.5" x 31.5" white frame 30-layer white refill mat

AMS243017WW31   24" x 30" 30-layer white refill mat

Low-Risk Level Compounded Sterile Preparations

Medium Risk Level Compounded Sterile Preparations

High Risk Level Compounded Sterile Preparations

Low Risk

The Low Risk Media Test Kit is designed to document correct personal technique and effective environmental control for the preparation of low risk compounded sterile products (CSP's). All employees compounding low risk preparations must have successfully passed the low risk media-fill test procedure at least annually.

The Low Risk Media Test Kit consists of instructions and the following:

3 - 50mL Sterile Empty Vials
3 sets of 4 - 5mL Test Media

Medium Risk

The Medium Risk Media Test Kit is designed to document correct personal technique and effective environmental control for the preparation of medium risk compounded sterile products (CSP's). All employees compounding medium risk preparations must have successfully passed the medium risk media-fill test procedure at least annually or more frequently.

The Medium Risk Media Test Kit consists of instructions and the following:

3 - 50mL Test Media
6 - 50mL Sterile Empty Vials
3 - 10mL Sterile Empty Vials

High Risk

The High Risk Media Test Kit is designed to document correct personal technique and effective environmental control for the preparation of high risk compounded sterile products (CSP's). All employees compounding high risk preparations must pass the low risk media-fill test procedures annually and in addition, pass a media-fill test that represents a high-risk level every six months by each authorized person.

The High Risk Media Test Kit consists of instructions and the following:

1 - 100cc Test Medium
9 - 10mL Sterile Empty Vials

About Williams Medical Company

Established in 1978 Williams Medical Company distributes quality pharmaceuticals and pharmacy disposable to a variety of healthcare professionals and medical institutions. We are a stocking distributor who maintains a physical inventory for every product line that we offer.

Williams Medical Company is an authorized distributor for every manufacturer that we represent. All of the products that we offer are purchased directly from the manufacture. We meet and exceed each manufacturer's stringent requirements with respect to accountability, handling, storage, and shipment. Our temperature-controlled warehouses are at a constant temperature throughout the year. We retain "lot number histories" for every product sold. Sales reports are provided to each manufacture in order to insure that all of their respective sales representatives are informed about the sales and to insure that they receive their appropriate credit. Further, we are a licensed pharmacy wholesaler for every State in the Nation.

Experts in Sales and Service, we maintain a professional staff of full time salespeople and associates. People who are at your door routinely and consistently to attend to your every need. Order the wrong item? A product going out of date? An Emergency need? We are there to address and resolve those issues for you.

Need Same Day Service? Try Us! Any delivery can be made in Southern California within three hours. Any delivery can be made in the nation in 12-24 hours. That's 7 Days a week, 24 hours a day for your convenience!

Order Online from 40 different manufacturers-24 Hours a Day! Think of the time that you'll save by only placing one order for all of the products that you need from 40 different manufactures. Forty less Purchase Orders! Forty less orders to receive and process. Forty less invoices for your accounting department to pay, when one payment will do. While Online, you can review the latest FDA recalls, obtain CE credits, review your order history, and see that's new!

Our Commitment to you is to provide a level of service and reliability that you will grow to expect. We will save you time ordering and receiving goods. We will save you money accounting for these orders. We will save you the waste of having to destroy expired pharmaceuticals by addressing these issues before they go out of date. We will offer products at a fair price. We pledge that you will always speak with someone who is sincerely dedicated to meeting your needs and expectations.
